

DT SERIES

MEDIUM DUTY RAIL GATE

1,600 lb. – 3,000 lb. Capacities

Ideal for Recyclers, Landscapers and Contractors, Who Need the Flexibility of Dumping and Lifting Goods with the Same Truck.

STANDARD DT SERIES ADVANTAGES INCLUDE:

- Applications - dump trucks and dumping flatbeds
- Dual purpose lift can be used as a tailgate for dumping and as a platform to raise and lower material
- Heavy duty rail design, no arcing motion reduces maintenance costs
- Durable construction
- Reduced maintenance with integrated 12 VDC motor, tank and pump enclosed in the weather protected housing
- UHMW - Slide pads on runners (*Lifetime Warranty*)

OTHER STANDARD FEATURES:

- Straight up and down movement keeps the cargo stable and reduces maintenance
- Easy grip pull pins provide a quick conversion from a standard liftgate to dump through
- Torsion bar assisted platform makes it easier to open and close
- Anti-skid treadplate platform and ramp for better grip
- Built-in toe deflector
- Pressure compensated flow control valve controls platform descent regardless of load weight
- Dual latching and positive lock safety pins
- Weather sealed electric controls
- Charge line circuit protection
- Meets TMC specifications
- Powder coat finish on key liftgate components produces a high-quality finish that is exceptionally resistant to corrosion and abrasion

Dual purpose lift can be used as a tailgate for dumping and as a platform to raise and lower material.
