

MDL/HP SERIES RAIL GATE

MEDIUM DUTY

1,600 lb.-3,000 lb. Capacities

Hinged Platform Offers the Flexibility of Cargo Loading by Forklift Without Opening the Platform

STANDARD MDL/HP SERIES ADVANTAGES INCLUDE:

- Applications - straight trucks, cube, cutaway, or step vans, flat beds and dual wheel service bodies
- Convenient, large folding platform stores at bed height for uninhibited rear door access and dock loading
- Level ride lift - maximum load stability, with straight vertical platform movement
- Standard steel mainframe with extruded aluminum hinged platform - hinges at 30" or 36" only
- Aluminum anti-skid platform and ramp for better grip - available up to 54"
- Compact design increases payload and fuel efficiency
- Bolt-on platform sidebars - for easy replacement of extrusion boards
- Built-in toe deflector
- Reduced Maintenance™ with integrated 12 VDC motor, tank and pump enclosed in the weather protected housing
- UHMW - Slide pads on runners

OTHER STANDARD FEATURES:

- Power unit installed, tested and enclosed in weather protected housing
- Charge line circuit protection
- Torsion bar assisted platform makes it easier to open and close
- Meets TMC specifications
- Powder coat finish on key liftgate components produces a high-quality finish that is exceptionally resistant to corrosion and abrasion
- 12" Fixed aluminum ramp for ease of loading and off-loading cargo

Easier handling of wheeled carts, bins, and racks with this level-ride liftgate.
