// RANGER UPFIT GUIDE

PROMASTER

WORK MORE EFFECTIVELY WITH ORGANIZED STORAGE SOLUTIONS

Welcome to Ranger Design

In 1988 a local contractor made his own shelving for his work van. His peers saw the superior design and durability of his equipment and they wanted him to make the same for their vehicles.

Over 25 years later Ranger Design still looks at van equipment from the tradesman's point of view.

Every product in this catalog is designed with precision. Our tough, durable products often outlast the life of the vehicle and we go to pains to make each component quiet and rattle free.

In our everyday pursuit of excellence we confer with tradesmen often to ensure that we are delivering bottom line results.

We look forward to hearing from you on how we can make our products and services serve you better.

SAFETY PARTITIONS

Crash tested safety partitions protect the most important asset: you

CHOOSE A SAFETY PARTITION

Ranger safety partitions provide a solid, secure barrier between the occupants of the van and the cargo.

Built from heavy gauge steel and aluminum, they are designed for maximum impact resistance, and uphold a standard of safety set only by Ranger products.

Ranger partitions also provide a more comfortable environment for the driver by giving more seat travel and by not rattling as the vehicle drives down the road.

FLOORS

Impact and puncture resistant floors preserve the cargo van interior

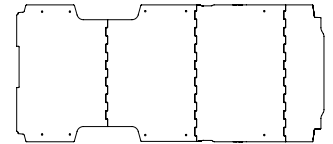

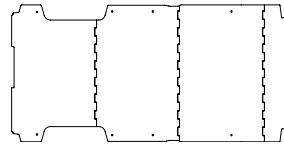

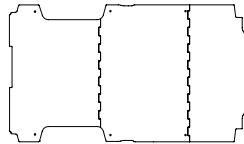

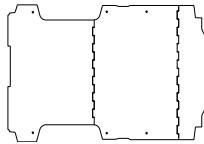

BENEFIT

Installing a Ranger floor will greatly reduce road noise.

CHOOSE YOUR FLOOR PROTECTION

Protect the inside of your vehicle with a slip-resistant floor. Ultragrip floors provide a safe surface for technicians as well as reducing the chance of shifting loads. Each floor is vehicle specific and designed for perfect fit.

These durable floors are easy to install and simple to clean. Puzzle-joint to economize on shipping.

PROTECTION

Rigid floor covering protects cargo van floors from impact damage and scratches.

SAFETY

Ultragrip floor also minimizes the chances of slipping and reduces shifting of cargo.

EFFICIENCY

Ultragrip floors provide technicians with a durable work surface that is easy to clean.

SHELVING

Industry leading strength.
The perfect fit for the toughest jobs.

BENEFIT

Ranger Design shelving is built strong and durable, often outlasts the vehicle and can be transferred to a newer van or truck. Designed to fit with maximum efficiency, Ranger shelving optimizes the space in a work van's cargo area.

TOUGH
Extrusion builds durability into shelf

QUIET
Shelf tray, end panel and extrusion are engineered to be vibration free

EFFICIENT
Ergonomics reduce injuries and increase productivity

SHELVING INSTALL KITS

Using our installation kit means your Ranger shelving package can be installed in your ProMaster using factory mounting points, avoiding the need to drill and make holes in the van to attach installation brackets. This prevents rust and conserves your vehicle's resale value.

Ranger manufactures a variety of tough, quiet drawer systems and storage modules.

Using top quality components such as full-extension, high-capacity ball-bearing drawer slides, secure locks, and Ranger's unique braided stainless steel cable-pull handles. These drawers are the organizational quality that you deserve.

If you never again want to experience the frustration of drawers that jam, sag, and don't latch properly, we have the solution.

The finishing details are just as important when you're setting up your commercial van as they are when you're on the job site. Customize your vehicle with our wide range of options to ensure that you can perform at peak efficiency.

LADDER RACKS

Ergonomic Ladder Racks make loading and unloading easier

TOUGH

Military grade aluminum extrusion, high density plastic and stainless steel components ensure no corrosion over the lifetime of the rack.

QUIET

Aerodynamic design with minimal wind noise.

SAFE

No metal contact to ladder, leading to longer life of ladders with less chance of fiberglass splinters.

LADDER RACKS

Ranger ladder racks make loading and unloading ladders an easy operation.

Ranger Design offers drop-down ladder racks for high roof vans, extra tough racks capable of carrying 28' ladders on compact vans, interior ladder carriers and many other options for different applications.

MAX RACK DESIGNED FOR HIGH ROOF VANS

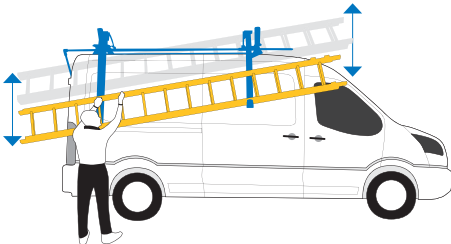

LADDER RACKS

SAFE & EASY TO USE

50" OF TRAVEL

The Max Rack drops lower in one stage than any other rack in the industry.

- Max Rack
- Competitor's rack

- › Two pressurized gas shocks support the weight of the ladder and assist in lifting and lowering the ladder and also holds it in the closed position.
- › Max Rack is adjustable to fit most ladders.

LOW PROFILE

There is less chance of the Max Rack hitting low hanging objects.

- › Ladder only touches composite materials, reducing wear on the ladders.
- › Comes down in one single motion.

CYCLE TESTING

The Max Rack completed over 4300 cycles, which represents up to 15 years of use.

EXTREME WEATHER PROOF

The Max Rack was put through extreme weather testing.
